savvyPanel is both a powerful systems design tool and a unique multi-user, multi-level touchscreen operator interface technology.

- Create clear process line drawings
- Add all the pushbuttons, pots, meters, annunciators, switches, etc. you need
- Machine graphic "tiles" can be linked to detail screens or local operator controls with unlimited hierarchy
- *savvyPanel* **Systems Page** shows all systems in your plant
- *savvyPanel* **Home Page** shows an overview of a specific machine or process
- *savvyPanel* **Operator Pages** are used to provide a hierarchy of operator and information screens for a machine or process
- Use powerful password protection for multi-level access control - Operators, Engineers, Administrators, etc
- Use a WiFi connected roaming computer to look at everything that is available without having to pre-load the system data

A powerful, multi-level, multi-display, graphical operator station option that will run on any touchscreen computer including Windows, Mac OSX, iOS, Android, and Linux.

Please click the icon above to download *savvyPanel* for desktop or below for the iOS/Android appstores (respectively)

Your Bardac and *drive.web* favorites, now online:

AC Vector Drives
- P2 Series AC drives ship standard with conformal coating
- Safe Torque Off
- IP20, NEMA 12, and NEMA 4X
- 230, 460, and 575VAC models
- Ratings through 400HP
- Solar version available with MPPT tracking
- *drive.web* peer-to-peer Ethernet connectivity for real time communication between drives
- **IN STOCK!**

AC Sensorless Vector Drives

- **E3 Series drives are available in an outdoor rated NEMA 4X package through 30HP**
- **IP20 ratings through 50HP**
- **Single Phase in and Single Phase out**
- **115, 230, and 460VAC models**
- **Reverse PID for solar applications**
- *drive.web* **peer-to-peer Ethernet connectivity for real time communication between drives**
- **IN STOCK!**

DC Drives

- **Complete range of regenerative and non-regenerative DC drives, single and three phase input, with wide ranging current and voltage ratings.**
- **Available with fuses and contactors built in**
- **Up to 2000HP available for same day shipment**
- *smarty dw240* **peer-to-peer Ethernet connectivity for real time communication between drives**
- **IN STOCK!**

drive.web Automation Controllers with I/O
- High resolution analog I/O
- Ample digital I/O
- Frequency inputs (100kHz)
- Encoder inputs (500kHz)
- Pulse outputs (1MHz
- Multiple motion control functions built into a DIN rail mounted package
- **IN STOCK!**

## drive.web Touch Screen Operator Stations
- Plug and play, drive.web native
- NEMA 4 (IP65) splash-proof front
- IP20 rear
- Easy set up, competitively priced
- Crisp, high visibility graphics
- 1 Ethernet port 10/100baseTX
- Power supply 24VDC
- Working temp: -4 to 158F
- 5, 7, and 9.7" touch screens available
- **IN STOCK!**

and so much more!

Catalog items are typically *IN STOCK* and ready to ship same day (for orders placed before 4pm EST)!

Please call to confirm availability.
